

## Financial Statement

---

This statement must be completed and mailed or faxed directly to the Center for International Programs, **with supporting documentation**, in order to comply with US Citizenship and Immigration Services (USCIS) regulations and allow us to issue the Form I-20 or DS-2019. The financial statement is to be **signed by both the applicant and financial guarantor** (the person sponsoring the applicant).

## Estimated Expenses

The estimated expenses of a student for one calendar year (12 months) are approximately \$25,500.00 for undergraduates (on campus) and \$27,500.00 for graduate students (off campus). This includes tuition and fees (for academic year-9 months), and room and board, books, reasonable clothing, recreational and incidental expenses (for a calendar year-12 months). USCIS law requires proof of summer living expenses, whether or not a student stays for the summer.
